ABOUT US

YOURS - Youth for Road Safety is a unique global youth-led organisation that acts to make the world's roads safe for young people. YOURS has three focus areas described below: advocating for youth and road safety issues; inspiring young people and enabling them to network and share information; and developing young people's capacities, their understanding and skills.

YOURS has a growing global youth network for road safety, striving to include youth representatives in all countries in the world working together to beat the global road safety crisis. YOURS is also an official member of the [United Nations Road Safety Collaboration](#).

Vision: "A world where young people do not die or get injured in traffic"

YOURS has three themes of activities: advocating, networking & sharing and capacity development.

In order to meet the vision of the organisation, YOURS has established a core group of 10 youth road safety leaders from around the world who act as Coordinators of the various regions. They represent every region of the world and work to be closer to young people on the ground, to offer regional support, resources and opportunities, and are integral in YOURS' work to develop youth capacities in road safety.

The Coordinator for the Caribbean Region for 2014 to 2016 is Erland George, from Saint Lucia. Mr. George is the first regional coordinator for YOURS in the Caribbean.

Through collaborations with the Caribbean Development Bank (CDB), YOURS has been able to provide capacity development and training programmes to young persons in Saint Lucia and also Belize.
